About FUJITA KANKO

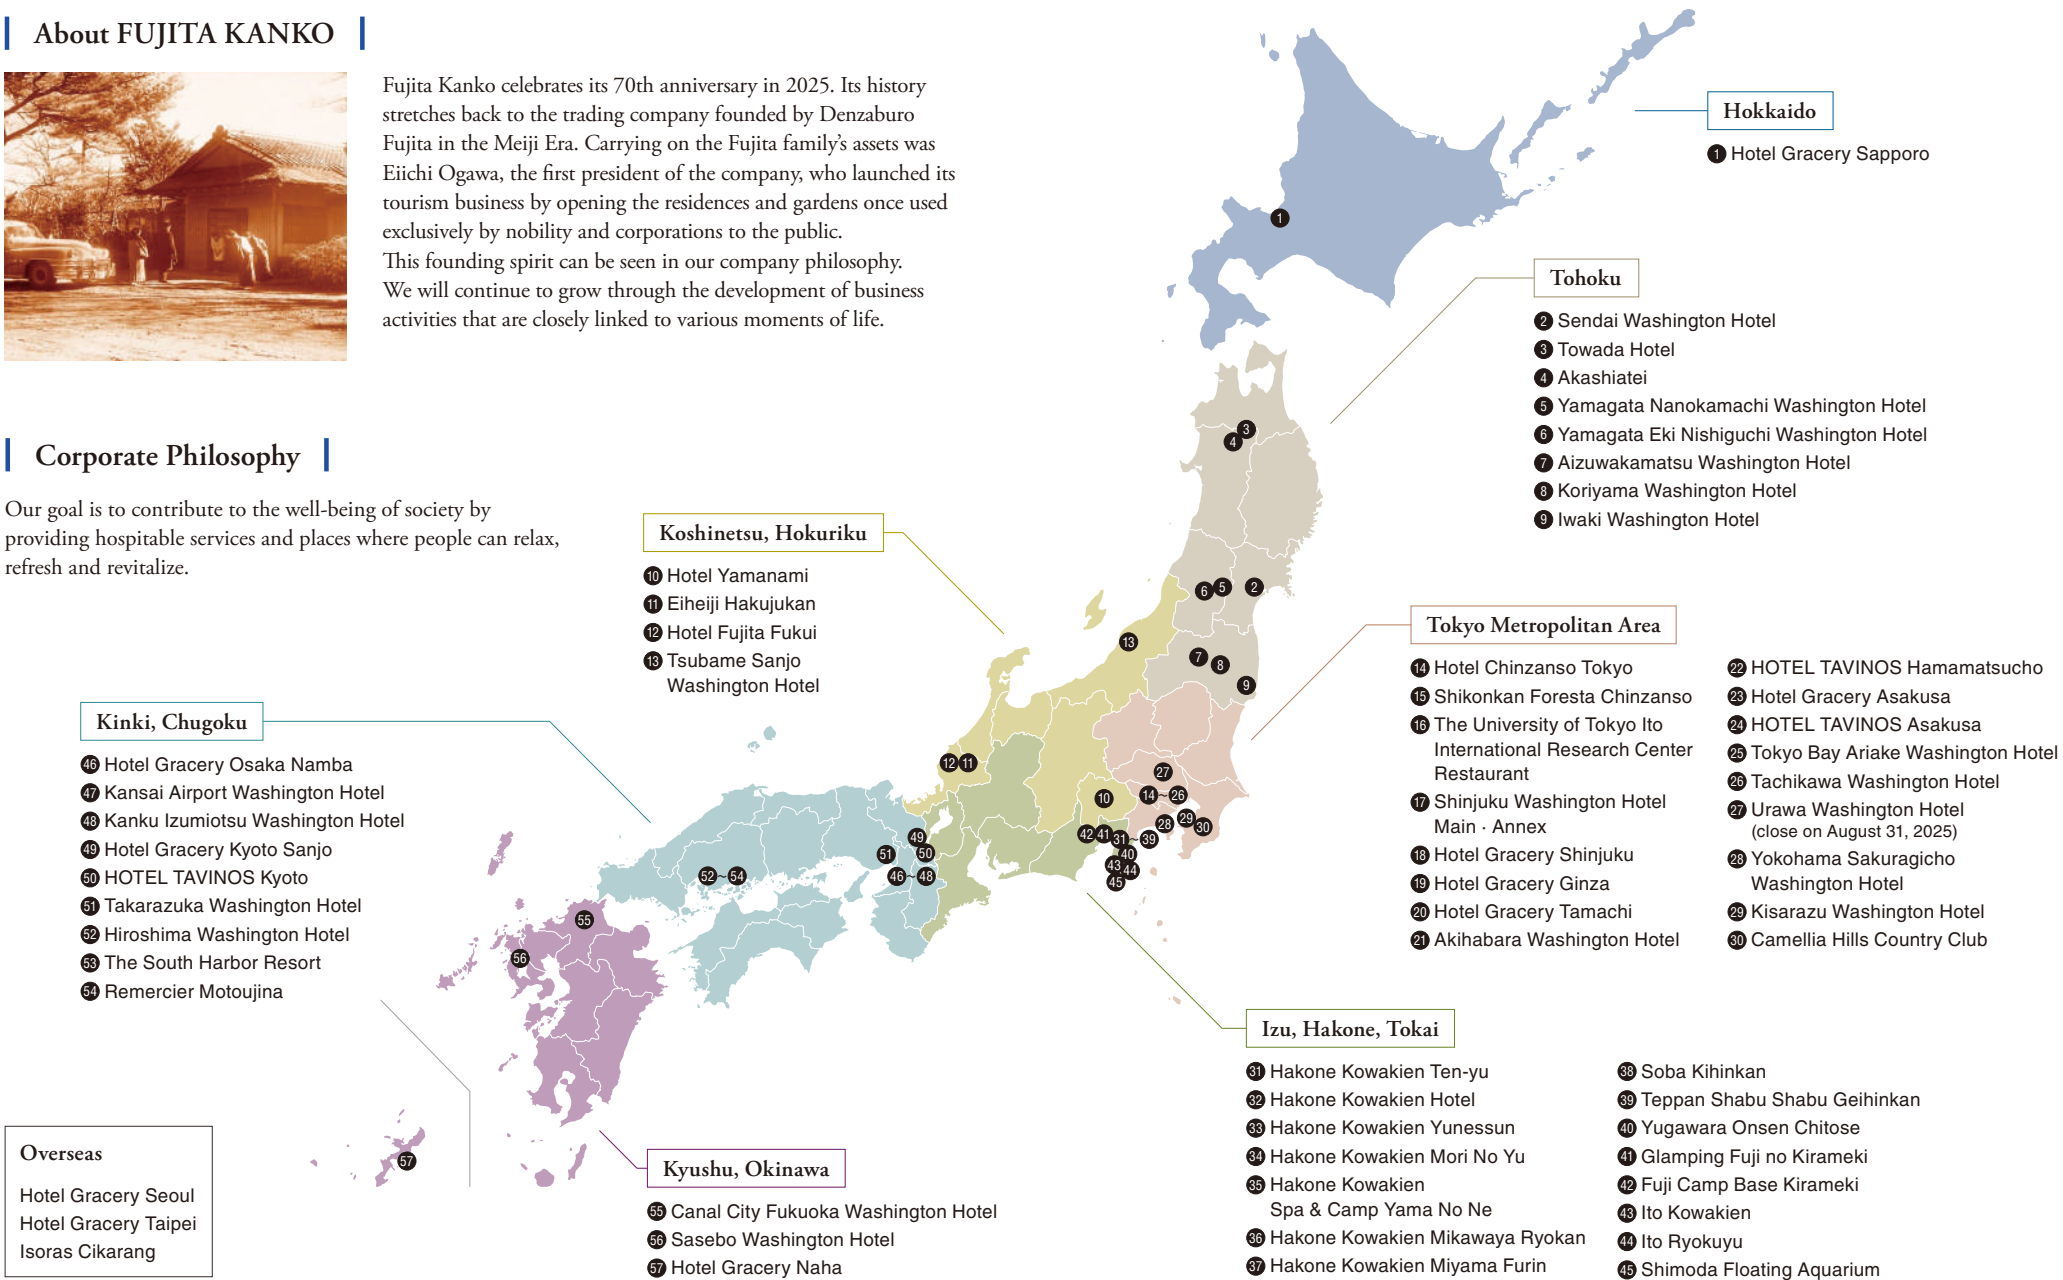

About FUJITA KANKO

Fujita Kanko celebrates its 70th anniversary in 2025. Its history stretches back to the trading company founded by Denzaburo Fujita in the Meiji Era. Carrying on the Fujita family's assets was Eiichi Ogawa, the first president of the company, who launched its tourism business by opening the residences and gardens once used exclusively by nobility and corporations to the public. This founding spirit can be seen in our company philosophy. We will continue to grow through the development of business activities that are closely linked to various moments of life.

Corporate Philosophy

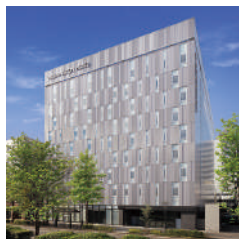

Our goal is to contribute to the well-being of society by providing hospitable services and places where people can relax, refresh and revitalize.
